-

PROJECTS

Result Summary Component | [\[GitHub\]](#)

- This project is a Result Summary Component, designed using only HTML and CSS. It replicates a visually appealing UI element commonly found in modern web applications.

Tic Tac Toe | [\[GitHub\]](#)

- A classic 3x3 grid-based game built using HTML, CSS and JavaScript, enhanced with an optional AI opponent

Budget Tracker | [\[GitHub\]](#)

- Built with HTML, CSS, and JavaScript; integrated Firebase Firestore for real-time expense tracking.
-

EXPERIENCE

Freelance Web Developer

2024 – Present

- Developed custom websites for small businesses, focusing on responsive design and user-friendly interfaces.
- Collaborated with clients to translate requirements into functional solutions using HTML, CSS, and JavaScript.
- Utilized Firebase Firestore for database management and user authentication.
